GLOBAL ALLIANCE

Down Syndrome International

DSI is an international charity comprising a membership from all over the world, committed to improving quality of life for people with Down syndrome and promoting their inherent right to be accepted and included as valued and equal members of their communities.

World Down Syndrome Congress

The World Down Syndrome Congress took place in 2018 in Glasgow and brought together a range of professionals and researchers from health and social care, education, employment and human rights to discuss their mission to improve quality of life for people with Down syndrome worldwide.

Their Incredible Impact

The congress had an outstanding impact by raising public awareness for the community, attracted over 1000 delegates, of which 120 were people with Down syndrome, and attracted a team of commissioners (adults with Down syndrome) as ambassadors who figure-headed the event.

Outcomes

The association plan to continue to expand their commissioner programme for future congresses in Dubai and Brisbane, using the commissioner's experience and knowledge to pass on to future hosting cities.
